AMENDED IN SENATE APRIL 11, 2007

SENATE BILL

No. 854

Introduced by Senator Ridley-Thomas

February 23, 2007

An act to amend Section 2146 of, and to add Section 2148 to, the Elections Code, relating to voter registration.

LEGISLATIVE COUNSEL'S DIGEST

SB 854, as amended, Ridley-Thomas. Voter registration: students.

(1) Existing law requires the Secretary of State to annually provide secondary education and specified postsecondary education campuses with a number of voter registration forms that is consistent with the number of students enrolled at each school. The Secretary of State is required to provide written notice with each form, instructing students regarding voter eligibility and where to file the completed forms.

This bill would allow students to submit completed voter registration forms to the Secretary of State in addition to returning the forms in person or by mail to the elections official of the county in which the student resides. This bill would require, ~~by January 1, 2010, every community college and California State University campus to make the voter registration process available through an automated program~~ *every community college and California State University campus that operates an automated class registration system on or before January 1, 2008, to make the voter registration process available through an automated program* that permits students, during the class registration process, to elect to receive a voter registration form that is preprinted with personal information relevant to voter registration. *This bill would further allow a community college or California State University campus*

that does not operate an automated class registration system on or before January 1, 2008, 2 years from when it begins operating an automated class registration system to implement an automated voter registration program. This bill would state that the University of California is encouraged to comply with this requirement. The bill also would require the Secretary of State to annually submit to the Legislature, on or before January 1 of each year, a report on its student voter registration efforts, as specified.

This bill would require every high school, community college, and California State University campus to designate a contact person, as specified, for the Secretary of State to contact in order to facilitate the distribution of voter registration cards. This bill would state that the University of California is encouraged to comply with this requirement.

By imposing new duties on public schools and the community colleges, this bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
